

I have a growing horse and cattle farm on the north side of Lexington and I'm looking for another reliable person to assist in farm operations with a focus on equipment and maintenance. If you are interested please email me at craig@stonebeckfarm.com

Duties include but not limited to:

- Farm maintenance and equipment operation- mowing, weed eating, land clearing, fence repair, equipment maintenance and basic repair, truck and trailer operation and general facility maintenance.
- Horse care-Turning in and out of horses, cleaning stalls, feeding, medication administration, grooming, holding for vet/farrier, and other equine related care
- Cattle- feed and water, assist in working cattle when needed
- Structure maintenance, organization, and updates on and off farm
- Other general farm tasks

Ideal candidate would be someone that is a reliable, detail-oriented, self starter and able to accomplish projects independently and efficiently. Must be able to lift 50lbs regularly and up to 100lbs on occasion. Valid drivers license is required.

Position has opportunity to grow as farm grows.
