

**I recently acquired my family farm in north Fayette county and on one end of it, a couple has been doing horse boarding for 20 years. They need to leave and I need someone to take over being in charge of that operation. There are 7 horses there that want to stay; more would be welcome. The current manager takes care of mowing, collecting the fees, and pays me rent as land owner. Boarders are responsible for their own horses, primarily and help each other. A simple barn is available. Please call Jennifer Elam 484-832-4576 or [jenelam@aol.com](mailto:jenelam@aol.com).**
