

Equine Veterinary Assistant / Registered Technician

John R. Cummins DVM LLC is currently seeking an experienced equine veterinary assistant or registered veterinary technician to join our team specializing in lameness and performance. We are searching for a highly motivated team player who loves providing the very best in care to our equine patients. Qualified candidates must be compassionate, reliable, ready to pitch in at a moment's notice, and thrive in a fast paced environment.

OTHER MAJOR DUTIES INCLUDE BUT ARE NOT LIMITED TO:

- Provide proper restraint and handling of horses.
- Perform laser and shockwave treatments.
- Assist in surgeries and diagnostic imaging procedures.
- Maintain accurate client/patient records.
- Administer medications to patients.
- Feed, clean, water and groom horses.
- Properly monitor patients, noticing and documenting any changes.
- Provide excellent customer service and appropriately address client concerns.

REQUIREMENTS At least 1 year experience of equine handling is required. This is a very physical job and it involves being exposed to outdoor elements, applicants must have the ability to lift 40+lb. as well as jog horses for extended periods of time. Registered technician preferred, but not required.

BENEFITS Salary offered is dependent on experience and education.

Job Type: Full-time

Education: High school or equivalent (preferred)

Experience: 1 year equine handling

License/certification: Veterinary Technician Certification (preferred)

Work Location: Ambulatory and on site at farm

This Company Describes Its Culture as:

- Detail-oriented – quality and precision-focused
- Outcome-oriented – results-focused with strong performance culture
- People-oriented – supportive and fairness-focused
- Team-oriented – cooperative and collaborative
