

PHARMACY/LABORATORY ASSISTANT, PARK EQUINE HOSPITAL

Park Equine Hospital located at 5455 Lexington Road, Lexington, KY 40511 has an immediate opening for a Pharmacy/Laboratory Assistant. This is a Monday – Friday, 8am – 4pm, full-time position. This position has a required start time of 8am and ending hours may vary depending on the time of year and workload of the day.

Responsibilities will include assisting the pharmacy manager with ordering pharmaceuticals, organizing and inventorying pharmaceuticals, preparing pharmacy orders for clients and our veterinarians, intaking and logging lab samples from our veterinarians, performing basic laboratory tests that are ran in-house, shipping out packages, preparing courier shipments, invoicing and collecting client payments for pharmacy items at our drive-thru window service, assisting with answering laboratory/pharmacy phone calls and other daily tasks.

The ideal candidate would need to be organized, detail oriented, a self-starter, familiar with a wide variety of equine medications, experience in the veterinary field, as a veterinary technician or assistant is a major plus, must be able to multi-task efficiently, and balance a busy work environment.

Benefits include competitive pay (will vary depending on experience) with paid holidays, vacation and sick time after 6 months of employment, health insurance available after 60 days of employment, dental, vision, life, and disability insurance available after 90 days of employment, and retirement benefits.

To apply please email your resume to Amber Crowe, LVT, Practice Manager, at acrowe@parkequinehospital.com.
