

## Assistant Instructor for Beginner Riders

The position is at GlenAyre Equestrian Centre in Crestwood, KY.

Instructor for beginner students (English riding) who range from 5-17 years old learning basics through starter level eventing. Currently hiring for January to late March/early April. It's currently a seasonal position, it could turn into something long term if that's of interest. Pay is based on the number of lessons taught. Option to do the care for the school horses in the mornings and afternoons, would make slightly more per lesson. This is not required, but an option.

Would also consider letting the instructor board their horse at GlenAyre for the three months and letting that be part of their payment plan. Contact McKenzie Ragan at 502-472-7688 if interested.
